THE EUROPEAN GRADUATE SCHOOL

June 6, 2013

Dear Students:

Please provide your teachers with the enclosed "Tool Kit" containing the parent letter, Pledge Forms, and a fact sheet to help illustrate the critical nature of this issue. Teachers will ask students to take the enclosed letter and pledge form home and have their parent(s) or guardian sign the pledge form and return it.

Every student who returns a signed pledge form will receive a "Thank You" gift for their parent from a participating local business.

A detailed outline of all the activities that will be taking place at your school during the course of the program, as well as a copy of the parent letter and fact sheet is attached.

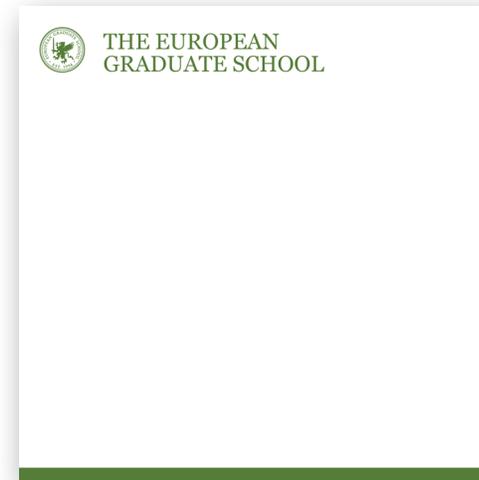

Thank you for your support of this program and your commitment to improving the health of children and the environment.

Sincerely,

Lawrence Rickels

THE EUROPEAN GRADUATE SCHOOL

The European Graduate School (EGS) is an accredited graduate and postgraduate degree-granting university with two divisions: Arts, Health and Society and Media and Communication. The European Graduate School offers a uniquely dynamic academic setting that allows a creative encounter with the foremost representatives and thinkers of expressive arts (coaching, consulting, education, social change, and therapy) and media and communication (architecture, art, contemporary philosophy, cultural studies, film, literary theory, literature, media studies, performance art, photography, and video). The comprehensive programs are distinguished by the cordial interaction of eminent faculty members with students who are the best of their generation.

The Arts, Health and Society Division offers graduate and postgraduate degrees and certificates: Master of Expressive Arts Therapy, Master of Expressive Arts Coaching, Consulting and Education, Master of Expressive Arts Conflict Transformation and Peace Building, Certificate of Advanced Graduate Studies and Doctorate in Expressive Arts.

The Media and Communication Division offers graduate and postgraduate degrees in the Master in Media and Communication and Ph.D. in Media and Communication programs. Both studies and programs facilitate creative breakthroughs and theoretical paradigm shifts, and bring together master's and doctoral students with the visionaries and philosophers of the media world.
